CW-6

MIL-STD-810G

-  Windows 10
Processor Intel Cherrytrail Z8350
-  Android 7.1
Processor Mediatek 8735

The CW-6 is a tool, between a tablet and telephone, very pleasant to use thanks to a very handy form factor. The integrated barcode reader will make this 6 inches tablet your best ally, your co-worker.

Trust the CW-6 to help you carry out your daily tasks.

CW-868

-  Android 7.0
Processor Mediatek 6753

The CW868 is an all terrain 8 inches tablet resisting every drop and shock. The IP rating will offer a full waterproof and dustproof protection in a stylish design.

The CW868 will perform and ensure you have all the information you need thanks to its total connectivity.

CW-8

MIL-STD-810G

-  Windows 10 pro / IOT Etrp
Processor Intel Atom x5
-  Android 7.1.2
Processor Rockchip Rk 3399

A tablet designed for the industry with a formidable efficiency for all checks and data capture. Very handy the Coworker CW-8 is also ultra connected and can be upgraded with a barcode reader if need be. With its 4G module and built-in GPS you will never lose yourself again.

Don't get a tablet, get a Coworker!

CW-10

MIL-STD-810G

-  Windows 10 pro / IOT Etrp
Processor Intel Atom x5
-  Android 7.1
Processor Rockchip Rk 3399

With a 10 inches display, this tablet will provide you with a comfortable reading capability and good performance in order to become the best co-worker ever. It will be the best tool for all your projects.

Thanks to its hot swappable battery and accessories, be completely carefree on the field or in the office.

CW-12

MIL-STD-810G

-  Windows 10 pro / IOT Etrp
